DETAILED ACTION

1. Receipt is acknowledged of Applicant's Preliminary Amendment, filed October 23, 2001.
2. Receipt is acknowledged of Applicant's Prior Art Statement, filed August 14, 2002.
3. Receipt is acknowledged of Applicant's Foreign Priority Papers, filed September 3, 2002.
4. Claims 1-6 have been canceled.
5. Claims 7-13 are presented for examination.
6. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 7-10, drawn to a method of micronizing a chemical compound.

Group II, claim(s) 11-13, drawn to a chemical composition.

7. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

The special technical feature of Group I is the particular order and steps necessary to reduce a chemical compound to a desired size range. The special technical feature of Group II is the particular surface composition of a pharmaceutical product. The special technical feature of Group I is different from that of Group II, thus unity of invention is lacking.

Art Unit: 3723

8. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
9. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
10. Any inquiry concerning this communication should be directed to Robert Rose at telephone number (703) 308-1360.
